

**TEK06748 (SAP - 8 + Year)**

 Bachelor of Engineering

## Highlights

---

- **Having 8+ years' experience in SAP ABAP**
- Strong skills in using SAP ABAP/6/SAP S/4 HANA .
- Result-oriented developer with strong analytical skills.
- Extensive SAP consulting experience.
- Extensive experience in Analysis, Design, Code, Test, and implemented SAP development solutions to support the customer requirements.
- Excellent logical skills suitable for Development, Implementation Process Design and problem solving.
- Effective communicator with good interpersonal skills and good understanding of technical feasibilities in developing the Objects

## Skills

### Primary Skills

- SAP ABAP

### Secondary Skills

- ABAP
- S4 HANA

### Other Skills

#### SAP EXPERTISE:

- Proficient in Classical, Interactive and ALV Reporting.
- Extensive experience in BDC using Call Transaction, Session Method.
- Extensive experience in Forms with SAP Scripts/Smart Forms & Adobe.
- Familiar on Performance Tools to improve the performance of applications using Runtime analysis, SQL Trace, Code Inspector and Debugging.
- Expertise in Creation/Maintenance of Data Dictionary objects and Table Maintenance generator.
- Extensive experience on object-oriented reporting.
- Extensive experience in Module Pool Programming.
- Extensive experience in ALE IDOC
- Worked on CDS.
- Good Knowledge on AMDP's
- Worked on BAPI'S.
- Worked on ODATA.

## Projects

---

### Project-1 - IT Industry (30 months)

#### Contributions:

- Worked on Adobe Forms
- Working on HANA Studio.

- Working on CDS views
- Worked on New Syntax 7.4
- Worked on Smart-Forms
- Worked on Module Pool
- Developed BADI, BAPI & Enhancements
- Developed ALV Reports.
- Worked on Copy Routines VOFM
- ALE IDOC's
- Worked on ODATA

## **Project-2 - IT Industry (31 months)**

**Implementation** : SAP SUIT on HANA Modules - SD, MM, FICO, VISTRIX.

### **Contributions:**

- Worked on Adobe Forms
- Working on HANA Studio.
- Working on CDS views
- Worked on New Syntax 7.4
- Worked on Smart-Forms
- Worked on Module Pool
- Developed BADI, BAPI & Enhancements
- Developed ALV Reports.
- Worked on Sap VISTRIX Module
- Worked on Copy Routines VOFM
- ALE IDOC's

## **Project-3 - IT Industry (9 months)**

**Implementation** : SAP S4 HANA 1610, Modules - SD, MM, PM, PP, QM, & FICO.

### **Contributions :**

- Worked on Adobe Forms
- Implemented GST Notes for S/4 HANA
- Working on HANA Studio.
- Worked on Smart-Forms
- Worked on Module Pool
- Developed BADI, BAPI & Enhancements
- Developed ALV Reports.
- Worked on Sap VISTRIX Module
- Worked on Copy Routines VOFM
- ALE IDOC's

## **Project-4 - Life Sciences (13 months)**

**Implementation** : SAP ECC 6.0 with EHP-7, GST Implementation, Modules - SD, MM & FICO

### **Contributions :**

- Worked on Adobe Forms
- Developed BADI, BAPI & Enhancements
- Developed ALV Reports.
- Developed BDC's to upload data..
- Implemented GST Notes
- Done some critical enhancements as per client requirement.

### **Project-5 - IT Industry (7 months)**

#### **Contributions :**

- Worked on Adobe Forms
- Developed BADI, BAPI & Enhancements
- Developed ALV Reports.
- Developed BDC's to upload data.
- Developed Module pool screens for Combination of different batches into one batch.
- Developed Module pool screens for industry specified packing scenario.
- Done some critical enhancements as per client requirement.

### **Project-6 - IT Industry (4 months)**

**Implementation :** SAP ECC 6.0 with EHP-7, Modules - SD, MM, PP, QM, FICO & HCM.

#### **Contributions :**

- Worked on Adobe Forms
- Developed BADI, BAPI & Enhancements
- Developed ALV Reports.
- Developed BDC's to upload data.
- Worked on HR ABAP

### **Project 7 - IT Industry (7 months)**

**Implementation :** SAP ECC 6.0 with EHP-7, Modules – ABAP.

#### **Contributions :**

- Gathered requirement from the Business team and analyzed with the functional team.
- Done a very critical enhancement for MQC (Material Quantity Calculation) as per client requirement.
- Worked closely with the team lead for analyzing the requirement and involved in code reviews and followed documentation standards.
- Involved in performance tuning and reviewing the code according to standards. Used tools such as SQL Trace (ST05), Runtime Analysis (SE30), and Single Transaction Analysis (ST12) to improve performance of coding.
- Regular interaction with the end user over phone or through email to know more about the issue.
- Developed Smart forms.
- Developed ALV Reports.
- Developed BDC's to upload data.
- Developed Module pool report for CFORM and CFA tracking.

- Worked on Enhancements, BADI's, BTE.

### **Project 8 - IT Industry (3 months)**

**Implementation** : SAP ECC 6.0 with EHP-7, Modules – ABAP.

**Contributions** :

- Developed BDC program to upload Sales Order data for transaction VA01.
- Creating a PO Layout using Smart Forms.
- Modified scripts according to the client requirement.( Payment advice Script)
- Created a Hierarchical ALV report to list delivery details for a customer and corresponding sales order details for each delivery.
- Developed a report for Purchase order details.
- Developed Smart Forms for Displaying Invoice Details.
- Implemented enhancement in sales order to maintain default sold to party.

### **Project 9 - IT Industry (6 months)**

**Environment** : SAP ECC 6.0 with IS-AFS, EHP-7, Modules - SD, MM, PP, QM, HR and FICO.

#### **Key Responsibilities:**

- ABAP developments like reports, outputs, mail trigger etc., in addition to normal reporting bring the values from AFS specific fields with append structure or AFS specific tables related to size and category.
- Industry specific enhancements, especially with regard to size and category checks during PO confirmation, goods issue and receipt checks in PP and MM modules.

## **Awards**

---

**Certifications : ABAP for SAP HANA 2.0**
