- Coordinating with clients and acting as translation point between functional and technical teams for task allocation, planning, development and delivery.
- Managed projects risk arising out of changed requirements, dependency with external applications and teams. Crafted several risk mitigations plans as and when required.
- Having hands on experience in Microsoft Dynamics D365F&O, AX 2012, 2009.
- Areas of Expertise are Production / Manufacturing, MRP / Planning, Trade & Logistics / Supply Chain Management.
- Industry exposure –Renewable energy, Hearing aids, Cement Mfg., Mattress Production, Construction, Electrical Equipment Mfg., Telecom industries etc.
- Onsite working experience with culturally diverse and global clients in UK, Europe, USA, Middle East for Pre-Sales and Implementations.
- Project costing and ROI calculations
- Active participant in technical sales process – conceptual demos, POCs and RFP responses. Also, contributor in developing projects' Scope of Work, Plan, Time & Resource Estimation, Requirement Traceability Matrix.
- As-Is Process Study, Analysis, Gap-fit preparation, solution designing. Adept at Conducting Design Workshop, Conference Room Pilot (CRP), User Acceptance Testing (UAT) and User Training sessions etc.
- Scripting FDD, SDD, Fit-Gap Analysis, Test Scripts, User Manuals, project planning and status report, management reporting and etc.
- Guiding developers for tailored solutions, Integrations, report Development.
- Application Setup, Configuration and mapping, Master data management, Workflow Configuration, Functional and Integration testing.
- Resolving integration issues between applications with focus on optimizing application performance and scalability.
- Contribute towards stabilization of the application, fine tuning of mapped business processes, enhancements, suggest process re-engineering.

## Skills

### Primary Skills

- D365

### Secondary Skills

- MS Dynamics AX 2012 (R2 & R3)

## **Other Skills**

- D365F&O – 3 Implementation
- AX2012 – 9 implementations
- AX2009 – 5 implementations
- D365 F&O- 3Implementation
- Integrations – TPL, Hybris, PLM, SFDC, MRP Engine and LIMS (E - Lab Management)
- Solution architect
- Project manager and team handling
- Leading Project Delivery
- Business consultant
- System Analysis & Design
- Solving ERP business issues

## **Projects**

### **Project - 1 - IT Industry**

#### **Responsibilities:**

- Upgrade from AX2012 R3 to D365 F&O, Reengineering the existing process and introducing new process for CSDS (Clinical supplies and Distribution system)

### **Project - 2 - IT Industry**

#### **Responsibilities:**

- D365 F&O implementation, Data migration from legacy system and Integration Project

### **Project - 3 - IT Industry**

#### **Responsibilities:**

- AX 2012 R3 Process re-engineering and upgrade D365 F&O
- MS Dynamics D365F&O, Process evaluation, Integration, DMF, oData, ECM (Engineering change management)

### **Project - 4 - IT Industry**

#### **Responsibilities:**

- Purchase order, sales order, split invoicing, transfer order, inter-company transaction, inventory management, integration with PLM system (Enovia), AMC Banking Rollout (Denmark, Norway, Finland, France)

### **Project - 5 - IT Industry**

#### **Responsibilities:**

- Implementation of AX2012 R3
- Planning, Supply Chain Management and Integration with LIMS

## **Project - 6**

### **Responsibilities:**

- Implementation of AX2012 R3
- Trade& Logistics, Inventory, Production, Master Planning, Project Accounting, Integration with SFDC, Integration Services, LIMS

## **Project - 7 - IT Industry**

### **Responsibilities:**

- Implementation of AX2012 R2 & Integration with Dot Net based legacy application
- Discrete Manufacturing, Intercompany Planning, Supply Chain Management, General ledger, Accounts payable, Accounts receivable, bank and cash management, Budgeting, Project management

## **Awards**

---

- AX2012 Trade & Logistics
- AX2012 Finance
- D365 SCM
- D365 Solution Architect
